

Experience speaks.....

“Experience is what you got by not having it when you need it”

Beauty lies in the beholder. Things we look at are indeed beautiful. We

seek, we search, we discover, we tread, we learn and it becomes a part of us. We admire at the things we encounter because there is beauty and newness in it. The joy and happiness that we get from these is indescribable. The pleasant memories are expressed by our Seven Priests Friars from order of Friars Minor, Bangalore who had come to our Vimukti centre for socio-culture experiences are here in few lines:-

“Development of humanity is the noblest work ever” has been my learning experience during the short exposure program with VIMUKTI, Pothnal. It has been an enriching experience because it taught me to uphold and protect the dignity of women and children. To understand their needs and to fight for their rights, to work for their upliftment and holistic development of women and children.

– Fr. Salvador OFM

Everyone has the right to fight for his or her one’s right, everyone is born free, everyone has the right to claim what is his or her and no one has the right to deprive anyone’s right. Being here in Vimukti Potnal for a week has been a very enriching experience for me. I was indeed enlightened by the way this NGO has enabled people from various walks of life to stand for their own rights, to be emancipated from various types of exploitations and be empowered by the rights which belong to them. Long live

Vimukti Charitable Trust! I wish you all the best.

- Fr. Shanborlang Wartde, OFM

Human Rights help everyone to live in peace and harmony and get along with each other regardless of cast and culture. It was a wonderful experience for me being in Vimukti Charitable trust for a week. It is an eye-opening motivation for me as a priest to invest my life for the Welfare of the Society.

- *Fr. Ushar Kachhua, OFM*

Whatever you did to the little ones you did it to me said Jesus. Vimukti Pothnal under the able leadership of Fr. Satish is doing the noble task of uplifting the little ones of the society. The time spent here in this place amidst beautiful people has been an eye opener for me. I wish the very best to this great institute in their endeavor of empowering and helping humankind live a life of dignity.

- *Fr. Roshan Lobo, OFM*

Joy is found when you focus your energy on improving human dignity, human capacities and human values. Coming over to Vimukthi was an eye opening for me. I could experience that Gospel is lived out on this earth. The enormous support is given to children's education, creating library in the government schools, saving children from child marriage, adult literacy, children parliament etc enlightening. May this institute grow and glow for the welfare of the society.

- *Fr. Arun Nattalil OFM*

“You have received freely give freely” I see here in Vimukti father Sathish has been working for people freely, thus this saying of Jesus being fulfilled in him. The uplifting people, of all the age group, the children, youth, and elderly is what I am inspired and how to go about in social work.

- *Friar Bipin Kishore Kandulna, OFM*

Be a Human.

First thing which the director and the staff taught me is to be more Human in our approach to the society.

Secondly, it taught me to be specific and have an action plan for the success of the ministry. Thirdly, to collaborate and work with the other NGO's.
